WN MEMBER 3

What about “It’s Ok to be White”? We could make buttons and hand them out on campus at his speech.

WN LEADER

There’s an idea, White Nationalist Number 3. Leftists will hate it!

WN MEMBER 2

It’s literally the most harmless phrase. And yet they’re still gonna get their panties in a twist. It’ll be so great!

WN MEMBER 3

Well, remember a couple years ago on Halloween? We stuck those stickers up around towns across the country and people freaked out—just like we knew they would!

[WN MEMBERS and WN LEADER laugh]

INTERNET TROLL

[In a mockingly upset voice]

“Stickers with the infuriatingly innocent-sounding phrase, written in a cutesy font, were spotted on light poles and electrical boxes.”

WN LEADER

Ha, yeah! They didn’t last more than a few hours.

KAYLA

Wait, but the stickers just said, “It’s Okay to be White” -not like anything promoting white supremacy...

WN MEMBER 2

Right! They just simply said “it’s ok that you’re white. It’s ok that you were born the way you were.”

WN MEMBER 1

But the left wants to destroy anything good or wholesome that has to do with white people.

WN MEMBER 3

They want to destroy anything good or wholesome, period.

INTERNET TROLL

Traditional marriage is limiting! Kids aren’t as important as a career! Christianity is a religion of hate!

WN MEMBER 3

They don't stop at white people, they're after traditional marriage, family, and Christianity.

WN LEADER

That's why we must rise. We must protect our values, our faith, our families, and our people!

INTERNET TROLL

Take up arms; heed the call!

WN MEMBER 2

We should brace ourselves for Charlottesville 2.0 at this speech.

WN LEADER

Right. What a fiasco. We won't be able to rely on authorities to protect us, remember.

[to KAYLA]

August 12, 2017: White Extremists drive a car into a crowd killing one and wounding nineteen more.

KAYLA

That was you guys?

WN LEADER

Well, none of us were there personally, but yes that was our organization along with a few other patriotic groups protesting the removal of the Robert E. Lee statue.

KAYLA

I thought it was a bunch of white supremacists who drove that van—who killed that woman.

WN MEMBER 2

First of all, she died from a heart attack. And it wasn't a van—but is that all you know about it?

[KAYLA shrugs and nods]

Ah.

Final Report: Law Firm's Independent Review of the 2017 Protest Events in Charlottesville, Virginia.

WN LEADER

There are some details about that day you're missing, dear.

INTERNET TROLL

Page four of the law report: White Nationalist organizer obtained a permit to convene a rally at the Robert E. Lee statue.

WN LEADER

See, we had a permit to legally hold a rally at the Robert E. Lee statue. The counter-protesters did not.

KAYLA

But that doesn't excuse violence—

WN MEMBER 1

The police and authorities were on their side. They tried stopping our exercise of free speech from the get-go.
