### ACT I

#### Scene 10

*White Nationalist meeting. WN LEADER stands at the podium. WN MEMBERS and KAYLA (in MAGA cap and pussycat hat, holding a white helmet) sit or stand around.*

WN LEADER

Okay, now let's turn the time over to Kayla to report on her findings from the ANTIFA meeting about the commotion they intend to cause at Trump's speech.

INTERNET TROLL

*[yelling with hands cupped to mouth]*

TDS!

---

WN MEMBER 1

We all know how it goes. Those libtards have such a severe case of *Trump Derangement Syndrome* that they no doubt just sit around obsessing over him and plan ways to destroy his America.

**START**

INTERNET TROLL

*[in an effeminate voice]*

Soy boys!

WN MEMBER 3

Ugh. Those meetings are such therapy sessions full of derangement. They just sit around bickering over who's highest on the totem pole of privilege.

INTERNET TROLL

*[in "The Terminator" voice]*

Weaponized crybabies.

WN MEMBER 2

Tears everywhere. It's just "Waa! Waa! How can we help our disabled, psychopathic, schizophrenic co-workers? We should attack some civilians and children to show we care about the wellbeing of victims!"

WN MEMBER 3

But "white silence is violence!"

WN MEMBER 1

They're lunatics. Cruel, disgusting lunatics.

WN LEADER

It is serious, so let's get serious. Kayla, we need to hear what you have to say.

*[KAYLA stands]*

KAYLA

Alright. Well, uh, I—they're a lot more, um, aggressive—

INTERNET TROLL

Punch Nazis! Burn cops!

KAYLA

...and violent than I thought.

WN MEMBER 2

No duh.

KAYLA

Um, they talked about coming armed with bike chains and locks, so...

WN MEMBER 3

They also bring skateboards to these things to beat people with.

WN MEMBER 2

They're gonna bring more than bike locks and skateboards, guaranteed. The last time they—

WN LEADER

Now hold on, White Nationalist Number 2. Kayla, was there anything else?

KAYLA

Skip to next black text

*[she starts to shake her head]*

Actually, yeah. They also might take down The Pioneer Mother statue on campus.

WN MEMBER 3

*[she laughs in disbelief]*

Of course they will.

INTERNET TROLL

*[with his hand over his heart]*

The fall of The Pioneer Mother brings with it the fall of American values.

WN LEADER

We must make sure they don't. The Pioneer Mother wasn't even a slave holder! She just represents an American mother from our town. They want to tear it down just because she's a white mother. An outrage.

WN MEMBER 1

What can we do? If we confront ANTIFA, we will get arrested, not them 'cuz local government leaders are on their side, not ours. Maybe the Eugene State college administrators will care and remount it.

INTERNET TROLL

*[in a mocking baby voice]*

Most cawedge administwaytuhs aw scayody cats.  
*[Most college administrators are scaredy cats.]*

WN MEMBER 2

They won't care; they will cave in and put it in storage. The Eugene State administration is anti-white and anti-America just like academia all across the western world.

KAYLA

Oh, they also talked about the slogan "It's okay to be white." They find it offensive.

WN LEADER

*[in mock surprise]*

What? No kidding!

KAYLA

I know you're joking, but they see it as a threat. So maybe it is offensive.

INTERNET TROLL

*[to KAYLA]*

"It's okay to be white" is not a threat. People can choose to be offended or not.

WN MEMBER 3

I don't know if you're confused about what meeting you walked into today, but this isn't ANTIFA.

KAYLA

I'm not confused. My take is that of course it is okay to be white, but the fact that it offends people might have some merit. Maybe it is too controversial.

MEMBER 2

*[to MEMBER 3]*

Is she for real?
